

INVIKTUS

by Fichet-Bauche

Triple certification

- Burglary (EN 1143-1 A2p),
Fire (NT Fire 017 – 60 Paper) and
Explosives (EN 1143-1 EX A2p)

Four protection grades

- Grade III, IV, V and VI

INVIKTUS

by Fichet-Bauche

The only name for triple-certified strength and resistance

A premium range of safes that offers superior strength and resistance against burglary, fire and explosives.

Key features

Triple certification: Burglary (EN 1143-1 A2p), Fire (NT Fire 017 – 60 Paper) and Explosives (EN 1143-1 EX A2p)

Four protection grades: III, IV, V and VI

Six sizes per grade: 140, 210, 310, 420, 600, 1120 (litre capacity)

Certified locks: MxB (level B/E and C/E), Moneo (Sensitive or Visual, level C/E) and optional GSL 1000 electronic (level B/E)

Secure bolt work: four lateral steel bolts, one bottom bolt and a fully anchoring lateral bar

Enhanced design: shorter, shallower and 10–25% lighter with larger volume and thicker walls (170 mm instead of 103 mm)

Improved operation: two new handles (one opening, one pull) for easy opening on larger models

Attractive appearance: stylish dark blue colour with silver handles Ideal for companies in the banking and retail industries

Fichet-Bauche's unique MxB key.

Triple-certified protection

The InviKtus range has been certified EN 1143-1 by the European Certification Board of Security (ECB•S) and awarded the A2p label by the French Centre National de Prévention et de Protection (CNPP) in burglary and explosion resistance, and NT Fire 017 – 60 Paper by the SP Technical Research Institute of Sweden in fire. The wide range of mechanical and electronic lock combinations are all A2p/EN 1300-certified.

Four protection grades, six sizes per grade

A variety of protection grades and sizes meets every security need. Six sizes per grade are available from 140- to 1120-litre capacity.

Practicality meets style

The new and improved design is shorter, shallower and 10-25% lighter than the standard high-graded safes. Wall thickness increases from 103 mm to 170 mm, and includes higher volumes. Two new handles (one opening, one pull) help users to open and to close the safe more easily than ever before. All models include four lateral steel bolts, one bottom bolt and a fully anchoring lateral bar. The attractive appearance features a stylish dark blue colour with silver handles, which is perfectly suited for use within any architectural interior style. The aesthetic shapes contribute to the overall elegance, while providing the highest levels of security.

Interior Fittings

2-5 shelves depending on model, 2-7 lockable compartments (200- or 400-mm tall) depending on model, Optional extendable lockable drawer, Optional safe deposit locker columns, Optional shelf for hanging lateral files.

Test Verification

Once tested, products are analysed by the test laboratory in order to verify that they correspond to the technical drawings delivered prior to the test.

Fichet-Bauche Guarantee

The InviKtus range offers the Fichet-Bauche guarantee, which ensures safes are designed and manufactured in accordance with the ISO 9001 standard for Quality Management Systems, ISO 18001 for Occupational Health and Safety Management Systems and ISO 14000 for Environmental Management Systems. InviKtus is produced by the Fichet-Bauche historical French factory, near Reims, well-known for its deep expertise and experience with the physical security.

Fichet-Bauche's patented composite material CM guarantees strong resistance against even the most high-performance attack tools.
